PRINCIPAL'S MESSAGE

"Yes, getting a good education is worthwhile."

As we observe the lives of successful men and women, we become more certain of the fact that scholarship is essential for success. These men and women became successful because they were willing to become experts in their particular fields through work, study, and preparation.

It is important, therefore, that students, especially in Junior High School, prepare for their future by obtaining a good education. Your chances of holding a job, making more money, and being successful in whatever career you choose, are much better if you have the best education possible. It has been said that, "A winner never quits, and a quitter never wins". Certainly, you should make every effort to complete your high school education because getting a good education is worthwhile.

As Canadians, and as students of Lawton Junior High School, we are most fortunate for the many wonderful things we possess . . . for our homes and the love of parents, for our community which provides our education, and for the opportunity to live an abundant and free life.

We have a great deal to be proud of in our school. Over the years, Lawton students have built an excellent record for themselves and the community of Beverly. I am pleased that you have, again, this year, maintained these traditions through your fine school spirit, your cooperation with others, and your achievements in academic work, school sports, and extracurricular activities. The teachers and I have found it a real pleasure to work with you this year.

My congratulations to the Yearbook Staff who worked so hard to make this yearbook possible. Congratulations for a splendid job.

May I take this opportunity to express my appreciation to the Students' Council for planning and arranging a very successful year of activities for the students.

To the Grade Nines who will be leaving Lawton and taking another step in their educational careers, my best wishes for a rewarding future. As we say good-bye to you, it is our sincere hope that your dreams, ambitions, and ideals will be realized in the coming years.

To all the students, staff, and parents of Lawton, I extend my best wishes for a pleasant summer, and a future filled with happiness and success.

PRESIDENT'S MESSAGE

I am very pleased to note the splendid spirit and cooperation of the student body in the various activities undertaken this year. On behalf of the students of Lawton Junior High, we thank our teachers for their patience, understanding, and friendship, especially our Student Body Advisor, Mrs. Hyduk, and our Principal, Mr. Nekolaichuk. All the teachers did their best by us and we will always treasure them in our memories.

At this time I would like to wish the students and the staff many enjoyable years to come in whatever they may endeavour to attempt and accomplish.
